

# *The Way of the Cross*

## Notes for teachers

Thank you for choosing to share our Stations of the Cross with your students.

Please feel free to present as much or as little of the information presented to your students. We know that some of the information and stories presented may be difficult for very young children to understand. Alongside the copy of the Stations, there is also a PowerPoint presentation available. If needed, the presentation slides can be printed off as A4 sized documents—simply choose ‘Print full page slides’ when printing. Feel free to present the Stations of the cross in whatever way is appropriate with your students.

We hope that these Stations of the Cross allow your students to reflect on Jesus’ Passion, whilst also giving them the opportunity to pray for those around the world who are discriminated against and persecuted for their faith.

Aid to the Church in Need is a registered charity in England and Wales (1097984) and in Scotland (SC040748)
